**Paris Papers**Claim the L & N will place  
shops, round houses etc.  
there.The Paris News has the following  
concerning the movements of the L &  
N railroad company, relative to the  
placing of shops, round houses etc in  
that city."Paris is to retain the terminals of the  
Louisville & Nashville Railroad, and  
the Company will carry out their original  
plans of improvement here. President  
Smith of the L & N made the announcement  
several weeks ago, but the matter was not made public until a  
few days ago.Several weeks ago three members of  
a Commercial Club, from an adjoining  
city, went to Louisville to present Mr.  
Smith with a copy of a resolution recently  
adopted by that organization, asking that the Railroad Company  
establish terminals in their city, and  
co-operate with the Club along the  
lines of mutual interest.President Smith also announced that  
a division terminal would be located at  
Jackson, instead of at Lexington. The  
grounds already having been purchased.  
The time for building the terminal at  
that place has not yet been announced,  
but it is said that work will likely start  
as soon as the details of the plan have  
been worked out.From a reliable source comes the in-  
formation that it is the intention of  
the L & N Railroad Company to spend  
a vast amount of money in Paris, and  
that in the next eighteen months, if  
their plans do not miscarry, to increase  
their working force with an additional  
600 men here."Now is the time of year to feed your  
fowls a good tonic. R4-11-44 cures

WEDNESDAY JUNE 7 . . . 1911

For several days last week there was a shower at the Climax office. At one time it looked like it might be a storm but it turned out to be only a shower. It was not a shower of rain, snow or hail but only a shower of questions, apologies and explanations. The cause of it was the Climax editorial of last week. We have no apology to make for what we said, not a word of it. The Climax is a newspaper and we are right. It develops, however, that several of the Louisville dailies did "write up" the Climax's story and gave good notices of Richmond's hospitality. It must be borne in mind that the large dailies issue several editions of their papers. Now by a strange fatality not one of the editions containing the "write up" ever came to Richmond although the usual supply of papers came every day. In justice to our Louisville friends we most cheerfully make this explanation. We take pleasure in doing it. With this we dismiss the subject. It is too small a matter to be too broad minded, too ready to overlook the faults and failures of men to dwell upon it longer, so here's our hand and here's to the upbuilding of Kentucky, Louisville and Richmond each to do her part and may the "shinings of our friendship never grow rusty."

INDICATIONS are that the Democratic House will reduce the tariff on raw wool by one half. This would be a blow to the protectionists of the national Democratic platform of 1908, which was that, "gradual reductions should be made in such other schedules as may be necessary to restore the tariff to a revenue basis." The consideration of the revenue needs of the government was what caused the bulk of the Democratic majority to decide upon cutting the raw wool duty in two. The tax on raw wool last year brought \$21,000,000 into the treasury and the government cannot afford to give up that sum while there is no income tax. The Democrats will purge Schedule K of every one of the iniquitous jokers and no duties on manufactures of wool will be above 20 per cent ad valorem. This means a sweeping reduction of the tax on woolen clothing, blankets and all articles composed in whole or in part of wool. The duty collected on manufactured wool last year amounted to \$20,000,000. The average rate under the Payne-Aldrich law amounts to the equivalent of 90 per cent ad valorem, and in the proposed Democratic bill this rate will be decreased one-half. This reduction of duty should have the effect of both increasing the revenues and reducing the cost of woollens to the consumers.

A deplorable state of affairs exists in Kentucky according to Col John Garner of Winchester, Chairman of state Board Valuation. To get a correctly assessed value in Kentucky is impossible under the present system, is the statement of the Board of Equalization in reporting to Governor Wilson. "In many cases the failure is the result of ignorance, carelessness or shrewdness in others shrewdness and duplicity—done purposely to mislead," is the indictment against the Assessors by the board. Judge John E. Garner of Winchester, chairman, devotes most of the report to satire. He says: "There are few good Assessors, and we say few" for lack of a general term that expresses a lesser number. He adds that the owners of land become perjurers, and excuse themselves on the ground that perjury is better than poverty. He adds that 95 per cent of the property owners fix their assessment. He concludes by saying that witnesses before the board tell that all the good will in the country is washed into the river, and in the cities the railroads acquire for terminals and schools and churches acquire for charitable purposes all the good and valuable land, none of which then becomes taxable.

### HIGH SCHOOL

#### Will Close Friday After a Most Successful Year

The graduating exercises of the Richmond High School will be held in the auditorium of the school building next Friday evening. There are sixteen graduates this year, five young gentlemen and eleven young ladies. Following is a roll of the class:

Mary Allman, Mattie Alverson, Annie Miller Bogie, Harold Yancy Barker, Robert Baxter, James Cullen, William Douglas, Mary Doty, Willie Mae Deatherage, Hallie Gott, Myrtle Gott, Mary James, Bessie Malley, James Leeds, Emma Oldham, Mattie Pigg.

The annual musical entertainment will be given in the High School Auditorium Thursday evening. There will be about 275 children in this entertainment. The lower grades will present "The Moon Queen," and the upper grades "The Princess Chrysanthemum." This entertainment will be a thing of beauty. The doors will be open at 7:30 and exercises will begin at 8:00. Admission 10 cents for children and 25 cents, the proceeds to go to the school.

The Baccalaureate address was delivered last Sunday evening at the Baptist church by Dr. C. C. Marshall, and as a scholarly effort, replete with wisdom and admonitions, it was equal to any that has ever been heard in this city. His remarks should serve as a guide to those who are addressing the graduates through this life. "Men, women and children are making history," said Dr. Marshall, "and each of us should so live that when the declining years arrive, we can look back on the past and be willing to leave it an open book for those who come afterwards."

Hon. J. A. Sullivan will deliver the commencement address next Friday evening and this announcement is proof enough that it will be of the highest order. No man has done more for the schools of the State than the Richmond attorney and his remarks will be of great value to those who hear him.

### Progress.

The Beattyville Enterprise says: The people of Beattyville have long been hoping for the completion of the system of locks and dams on the Kentucky River. That hope will soon be realized. Lock 13 is now in course of construction, and will be completed in 1912. Lock 14, at Heidelberg, which will give eight feet of water at Beattyville, will be completed within two or three years. This will give Beattyville slackwater transportation the year around and will insure low freight rates. It will make Beattyville the greatest lumber and timber market in Kentucky, and with our railroad facilities added to water transportation, we will have direct communication with the outside world.

### Cures Catarrh

Also Coughs, Colds, Croup and Sore Throat.

B. L. Middleton guarantees HYOMEI (pronounce it High-mee) to cure catarrh, acute or chronic; to cure colds, coughs, croup and sore throat, or money back.

In case of deafness caused by catarrh, there is no remedy so efficient.

HYOMEI is a liquid extracted from the eucalyptus trees of Australia, and is a soothing, healing, germ killing antiseptic.

A complete HYOMEI outfit consisting of a bottle of HYOMEI and an indestructible hard rubber pocket inhaler costs \$1.00. For treating catarrh or any throat or nose ailment, pour a few drops into the inhaler and breathe. That's all you have to do, and as the air passes through the inhaler it becomes impregnated with antiseptic HYOMEI, and this soothing, healing air as it passes into the lungs reaches every particle of the inflamed membrane, kills the germs and heals the raw, sore catarrhal spots.

If you now own a HYOMEI inhaler you can buy an extra bottle of HYOMEI for only 50 cents at B. L. Middletons or druggists every where.

### Ran Away.

Deputy Sheriff Johnson, of Berea, arrested Ed Hanchewitz at Big Hill last week and brought him here and lodged him in jail, charged with deserting his family. He was left behind the bars in default of a bond of \$300.

### Moore Here.

Dr. H. O. Moore, who with several inspectors from the Department of Animal Husbandry, at Washington, D. C. are in Kentucky to look after the sheep situation, arrived in Madison last Saturday and was in conference with Van Benton and Boyd Wagers as to the conditions in this county. The government is making a decided effort to stamp out scab among sheep of the country and hundreds of experienced men from the department at Washington are visiting the different states and the counties. Dr. Payne, of the Kentucky Board, requested that several be sent to this state to assist the county inspectors. Madison county farmers are expert dippers, and very little trouble of the disease were discovered within the borders. Messrs Benton and Wagers have been put thru some pretty hard work in going over the different flocks of the county, for there are many more sheep in Madison than one would imagine. According to the inspectors there are not less than 20,000. During the hot weather it proved quite laborious.

### Not Compulsory.

An order just issued from the state department of Live Stock Sanitation will be of great interest to the sheep growers of Madison county. A flock of sheep that has been pronounced free from scabies or other diseases by a county inspector, does not have to be dipped unless the owners choose to. There seems to have been some misunderstanding along this line. Of course a wise grower will dip his sheep to guard against any infection, but in the shipping of lambs it is claimed that dipping them before shipping, seriously injures their true worth. A concerted action is now on all over the state as well as in this county to stamp out what ever traces of the scabies may be present.

### Parrott.

A Charlottesville, Va., paper announces the death of Mr. William Parrott. Mr. Parrott visited Mr. W. H. Miller and Mr. John Doty of this place during the summer of 1909 for three or four months. While here he made many friends who will regret this announcement.

Mr. Parrott was a veteran of the civil war, enlisted when a mere boy in 1861 and remained with General Lee until his surrender. During the four years in the Confederate service he was wounded fourteen times, the last wound being received just three days before Lee's surrender.

Mr. Parrott's recollection of incidents of the war was very vivid and his recounting them extremely interesting. During his visit here he made a host of warm friendships and many happy hours were passed with his old veterans and friends talking over experiences during his four years of service with Lee and Jackson. Peace to his ashes wherever they may rest.

### Instructors Meet

Madison county was honored at Frankfort last Wednesday at a meeting of the Institute Instructors of the State. The meeting was held in the office of State Superintendent of Instruction, Regenstein, and the organization resulted in the following temporary officers: President, T. J. Coates, of Richmond; Secretary, B. C. Lewis, of Berea. A nominating committee was named in the persons of E. C. McDougle, of Richmond, George W. Chapman, Paris and J. W. Ireland, Stanford.

### Wonderful Offer

William Jennings Bryan's great paper, The Commoner, will be sent to any address, in club with the Climax, for two years, for only \$2.00. Remember the Commoner for two years, now until May 1913, and the Climax for one year, for only \$2.00. This is positively the greatest offer we have been able to give the people of Madison county this year.

### They're Sore

A special from Mayville says:—The board of directors of the Mayville baseball club held a stormy session here this morning at which the secretary-treasurer resigned and Houston Hall was elected secretary, with Thomas M. Russell treasurer, the office being divided. The club was playing such poor ball. In consequence Manager Ed Mackey left this afternoon on a scouting expedition for better players through Central Ohio. The management and Mayville fans are demanding a winning ball team. Criticism as to the club's showing is having telling effect.

It will be recalled that Mayville purchased the franchise from Shelbyville and Manager Mackey gave out a statement last fall that he would put a winning ball team in the river town. It seems as if he has met with serious trouble in carrying out his plan.

### Epidemic

An epidemic of measles has prevailed in and around Richmond for the past three weeks, and in order to keep down any unnecessary alarm, the physicians and newspapers of the city have co-operated. There has been no deaths and all sick folk are now convalescing.

### Next Wednesday

Governor Wilson has issued a proclamation calling on the people of the state to observe Flag Day on June 14th, next Wednesday. He calls on the Mayors and county officers and keepers of public buildings to make that day a day to raise the flag all over the great Commonwealth.

### Rousing

Senator McCreary met a rousing reception at Earlington, Hopkins county, last Saturday, at a meeting of the Confederate veterans, to whom he spoke. The Senator was given a special invitation to be present and address his old comrades. Saturday evening he spoke in Madisonville and Monday he spoke at Morganfield.

### Best Ever

Undoubtedly the best dog show ever seen in this city appeared at the opera house last Wednesday and Thursday evening. It was a clean exhibition and the one dozen canines certainly did everything but talk. The dog that turned a buck somersault, the boxing pug and the serpentine dance were curiosities never seen here before. It was really a twenty-five cent show.

### Tenth and Eleventh

The Tenth and Eleventh districts, have a representative, each in the democratic primary and there is sure going to be some "Hoss race." Hon. O. H. Pollard, of Jackson, is running against Hon. James Garrett, of Columbia. They are the only men in their districts that are offering for a place on the Democratic ticket at the primary on July 1st and the result is being anxiously looked for. It is about a stand off in this county.

### In Session

The City Board of Equalization is in session, having begun its deliberations Tuesday morning. Mr. J. J. McKee resigned from the Board and his place is being filled by Mr. E. L. Bybee. The other members are William Langford and Edward McCann. It will take from seven to ten days to go over the lists carefully and see that each property owner is listed properly. Mr. J. T. Berry completed the assessment book from the lists of City Assessor Wilcox.

### A Bad One

"Hub" Dawson, the ex-Pioneer, at present member of the Minneapolis base ball team, was so incensed at a negro rooster at St. Paul last Wednesday, while his team was playing a game in that city, that he climbed into the grand stand and swung a bat at the rooster's head. Other members of his team joined in and a general fight between spectators and ball players resulted. The Versailles boy is a surenough scrapper and loves to fight as is well known by all local fans, who have seen him in many a scrap with the umpire, and outsiders as well.

### Pushing Matters

Mr. George Robb, of this city, one of the heirs to the \$40,000,000 Robb estate in Pennsylvania, attended a meeting in Lexington last week at the Phoenix hotel to hear a report from a committee which investigated the property and has just returned. The opinion was expressed that the so-called heirs have a good claim to the property, and legal steps will be taken immediately to secure the legal right to the property. Judge J. H. Hazelrigg, of Frankfort, has been retained as chief counsel for the heirs, and other well known attorneys will be employed to push the claim of the heirs. Col. C. E. Smith, of Winchester, presided at the meeting.

### City Council

Holds its Regular Monthly Meeting Last Thursday.

All Present.

There was a full membership of the City Council present last Thursday evening at the regular monthly meeting.

Two or three very important subjects were taken up and disposed of, the principal of which was procuring oil for the streets of the city at once and the collecting of funds to help defray this expense. The committee appointed to handle this matter reported that many residents on Lancaster Ave., West Main and other streets of the city were anxious to contribute to this fund. The oil has been purchased and it is hoped the work can be begun no later than the latter part of this week. Mayor Rice is pushing things so as to avoid any unnecessary delay.

Another subject of much importance was the condition of several sewerage runs, scattered in different parts of the city, and this matter will be looked into at once. Now that the hot weather is here, the health of the city is paramount and an epidemic of typhoid is a difficult thing to stay, once it gets a start and nothing contributes more toward bringing about this than bad sewerage. "An ounce of prevention is worth a pound of cure," is the old adage which will prevail with the Mayor and Council in the handling of this matter.

An ordinance prohibiting the running of traction engines, hauling heavy freight thru the streets of the city was passed. Recently these machines have wrought great damage to the crossings and thoroughfares of the city. There is already an ordinance regulating the passing thru of traction engines and threshing machines.

An ordinance was passed prohibiting the scaling of the fence at the ball park peeping thru the cracks or in any way intruding on the grounds of Base Ball Association. The club has experienced a great deal of trouble of late from, not only small boys but many older ones, who make the day a laborious one for the officials of the Council. She said that the church of God should not be lagging behind in denying women their rights as new conditions are rapidly developing in which women must take an equal part with men in the world's affairs. Miss Clay's speech was one of the most stirring appeals ever made for equal rights of women. A motion was made to submit the question to a Commission of five to report at the next meeting of the Council.

### Heavy Storm

A cloudburst which it is estimated did more than \$10,000 damage visited Lincoln county last Wednesday, when a section about five miles long and one half mile wide was swept clean by hail and rain. The territory affected is about six miles from Stanford, and the heaviest losses were Adam Carpenter, W. D. Hanson, Ira Moser and George Gaddis. A bridge on the Morehead pike was swept away, and the rain came down in such gusts that thousands of dollars worth of garden truck and other vegetation was washed away without a chance of salvage. In the devastated region there are hundreds of yards of fencing missing, trees are laid low, gardens are washed away and great stones, weighing more than a hundred pounds, are deposited in the fields, having been washed down from the hills. The storm was the worst ever known in that section of the country, and the section over which it passed has lost thousands of dollars.

### One for Winchester

The Capital of Clark, just over the river, has decided to have a big loose leaf tobacco warehouse and plans will be made at once for the structure.

The new warehouse will be built next to the redryer and will be 108x172 feet. There will be a first floor and a basement for a packing room. Stables will also be built for the teams. The cost of the new warehouse will be somewhere between \$18,000 and \$20,000. The building will be completed within a few months.

### Commercial Club

The Commercial Club will meet at the Court house Monday evening, June 12, at 8 o'clock.

There will be speakers capable of entertaining you and several matters of importance will come up for consideration. Every body is urged to be present.

### He's a Good One

The Lexington Herald says: Hon. J. A. Sullivan, of Richmond, was in the city Sunday, and took great pleasure in introducing his friend, Mr. E. J. ### Burton Trial

The examining trial of Abe Burton for the killing of John Hill, was held last Thursday before Judge Shackelford. County Attorney Jackson claimed that important witnesses, who were absent, would give testimony for the commonwealth, and offered an affidavit to this effect, but Judge Shackelford refused to delay the trial. Hon. Tevis Cobb and Judge Rice are attorneys for Burton. After several witnesses were examined the defendant was held to the circuit court on his own recognizance.

### Never Tires

Miss Laura Clay, who never tires in her work for Equal Suffrage, has made another telling speech, this time before the Sixteenth Annual Council of the Diocese of Lexington, which was in session there last week and appealed to the Council to place the male and female equal at the table on equal footing for eligibility of the Council. She said that the church of God should not be lagging behind in denying women their rights as new conditions are rapidly developing in which women must take an equal part with men in the world's affairs. Miss Clay's speech was one of the most stirring appeals ever made for equal rights of women. A motion was made to submit the question to a Commission of five to report at the next meeting of the Council.

### PIONEERS

are taking a big brace with the good work of the twirlers of late.

With the assistance of Parks, the college boy, and other twirlers of the Pioneer team rounding into shape, the Richmond club can be depended on to win a big majority of its games between now and the close of the league. The three straight games at Frankfort delighted the fans and renewed hope sprung up.

Creager and Black are both pitching great ball now and Wills is at last in his old time form. Barring his accident sometime ago, the club has been very lucky in not having its players injured in any way. Haley has had a bad finger, but that has about healed. He is as game a little catcher as ever wore the mask and is one of the mainstays of the Pioneer team.

The Directors were especially gratified at the big attendance last week and is the opinion of all that the crowd will be heavier during the present series with Parks on the home grounds than ever before, because Paris has never played here this season and besides the Bourbons are leading the league and to defeat them means a great deal for the Pioneers. All the twirlers declare that they will throw their arms off to take the Paris lad's scalp. Black is particularly anxious to beat this team, as he "wasn't good enough" for them at the beginning of the season, and now they would trade their best pitcher for the Erlanger boy. His game at Paris Sunday should have been won easily, but for a bad break in the eighth inning. He twirled in great form and the hard hitting Bourbons just couldn't connect at no stage of the game. It was the hardest luck the Pioneers have experienced this season. The locals were 3 to 2 in the eighth inning and the Paris fans had decided it was all over with their champions, when two unlucky breaks gave the unearned victory to Paris.

At Frankfort, Wills, Creager and Black pitched well and easily defeated the Paris side of Law Makers. It was the most satisfying defeat of the season to the Richmond team, as they have never made such a clean sweep away from home and it gave them a world of renewed determination to finish in the first division if not annex the flag. Haines the first sacker, who has been with Lexington all season, has been purchased by Richmond and is playing good ball.

Every member of the Pioneer team seems to have struck his gait, and besides hitting the ball mightily, they are all fielding in great form. A little more "inside ball" is what's needed, according to the opinion of the expert fans. Double steals and squeeze plays are sadly lacking with the Pioneers, and that's what wins games. And too the boys seem to ignore the bunt, when this class of playing is responsible for the success of the best teams of the league. A good bunting team is liable at any minute to put a pitcher in the air and cause a batting rally that will break up any game at a critical time. Winchester should be leading the league just because each man takes advantage of the mistakes of the opponents and the bunting of men team is winning many games for them. Mayville, also, has an excellent bunch of players, on the bases, and they are quick to see an opening, but it seems they are playing in the worst kind of luck. The six games they have lost has been by one or two scores, and then after good playing.

Nichols, who started with the Pioneers, has signed with Mayville, and is twirling in good shape. He is a good man, but could not break into winning form here.

Paris plays three games here. Tuesday, Wednesday and Thursday. Go

out to-day and to-morrow and take a friend and root for the home team. These will be the best games this season. Richmond is determined to take a fall out of the Bourbons, while Paris can lose her hold on first place if she drops two of the three to Richmond. Parks will twirl Wednesday.

### New Clerk

Mr. William Blevins has accepted the position as Night Clerk at the Glyndon hotel to succeed Mr. Buford Gormley, whose resignation took effect last Monday. Mr. Gormley has not yet decided just what he will do.

### Fire Alarm

A small blaze in the roof of the dwelling on Main street occupied by Mrs. M. Miller, called the fire department out about 3:30 Sunday afternoon but it was extinguished by a volunteer brigade. The house is owned by Dr. Holten and the damages will amount to nothing.

### Lost Another

Mr. Henry James has lost two very fine young fox dogs of late, which he valued at a big price. Several weeks ago one of them was kicked by a horse and instantly killed. Last week the other took distemper and died. They were from Col Jack Chinn's celebrated strain.

### To Lexington

The Pioneers will play Lexington Sunday and the L. & N. will run its special excursion to accommodate the large crowds that generally take advantage of the service and go over. The Pioneers are playing great ball now and Lexington has never shown any form over our boys. The special will leave Richmond at 10 a. m. Returning, leave Lexington at 7 p. m. There will be a special rate of \$1.00 for the round trip.

### The Earl Won

Earl of Richmond, the fast race horse, formerly owned and named in honor of Mr. Earl Curtis, of this city, won the gentlemen's cup race at Louisville last Saturday with Mr. Walter Pearce in the saddle. The horse is the property of William Woodford, Lexington, and has run many hard races. Mr. Pearce is the noted sporting news writer and is a grand-son of the late W. H. Haldeman.

### Close Friday

The Model school will come to a close next Friday after a most successful year. There will be no closing exercises, just a simple farewell by the students to the class rooms and the teachers, that's all. The boys are going thru the final examinations this week and are endeavoring to get the best of marks. The many friends of Prof. McBrady will regret exceedingly to know that he will not return next year. He will go to Yale in the fall and take a special course. Prof. McBrady is an excellent instructor and his students will feel his loss more keenly than all others, for he is very popular with them.

### Important Meeting

There was a very important meeting of the Directors of the Bluegrass league held in Lexington last Friday morning, which was attended by President Herrington of the Pioneers and Messrs. Stockton and Sexton. Several important matters were discussed. The proposed game at Paris by the Pioneers resulted in the score being thrown out and the game will be played on a date to be announced later. Two other protested games by Mayville and Winchester were withdrawn. Several deals were put on foot but none went thru. President Deary seems to be the real man at the head of the league, as all the Directors will testify. His dealings are fair and he is so deeply interested in the success of the organization that he is constantly giving extra time to look after matters of importance, personally.

### School Census

for the county has just been completed and filed with the County Clerk.

Superintendent of County Schools, Hon. John Noland, has just received from the trustees of sub districts of the white and colored schools, the total census of the school children of the county, between the ages of six and twenty. The number shows a gain of four from the last year of white children and a falling off of twenty-two from the colored lists.

No. 1, Red Lick and Berea 1,150 white and 158 colored. Of this number there are 500 white and 77 in Berea alone.

No. 2, Brassfield, Kingston and Speedwell sections. 807 white and 184 colored.

No. 3, Red Lick and Berea 1,150 white and 158 colored. Of this number there are 500 white and 77 in Berea alone.

No. 4, Wallaceston, Paint Lick and High Point sections with Whites Station 910 white and 415 colored.

No. 5, Poosy and Jolly Ridge 1,031 white and 72 colored.

No. 6, Valley View, Red House and Foxtown Ridge 938 white and 364 colored. This shows a total of 5,750; a gain of four over last year of the white children, 2,390 are male and 2,360 are female. Of the colored children there are 773 male and 677 female.

It is noticeable that in the past ten years the number of colored children has been on a steady decline.

In 1900 there were 1,824, in 1906 there were 1,800. Last year there were 1,472 and this year it dropped to 1,450. The cause assigned for this is that the negroes are gradually moving away from the country to the cities and also to the larger cities in other states, mostly in northern.

In the city of Richmond the census shows 817 white and 614 colored children. Ten years ago there were 600 white and 698 colored, showing a decrease in the colored list of 72 for that period. This is remarkable when it is known that the colored population are very much antagonistic to race suicide.

### Good Shows

The vaudeville bills at the opera house have been unusually good the past two weeks and good crowds have been in attendance. The installing of several large electric fans met with the hearty approval of the patrons.

### An Error

By an error the names of Mrs. Will Boggs and William Curtis Burnam were omitted from the program of Mrs. W. G. White's Musical program as given in The Climax last week. Mrs. Boggs' Russian Intermezzo and William Burnam's Flower Song added to the entertainment.

### Very Near

The bids for the construction of the lock and dam at Heidelberg, Lee county, were opened at Cincinnati last week and The Mason & Hanger Co., of this city came very near securing the contract. Eight firms offered bids and the lowest was The Gaherus, Dodge & Matthy Co., of New York, which was \$211,912. The Mason and Hanger bid was \$264,985. It is claimed by the engineers that the lock and dam at this point will cost not less than \$325,000 and may be \$340,000. The completion of this lock will give a six foot stage of water all the year around from Carrollton, at the mouth of the Kentucky, to Beattyville, which is at the three forks of the Kentucky river. The distance from Carrollton to Beattyville is about 200 miles. It will take practically all of three years to complete the new lock, so it will be sometime in 1914 before boats can run to Beattyville in the slack water provided by the locks and dams.

### Goes South

Mr. Embury Deatherage left Saturday for Oakdale, Tenn., to take a position in the office of Mason & Hanger Co., at that place. Mr. Deatherage is an excellent young man, honest, capable and industrious. No position is too good for him. Success to you, we will guarantee that you will "make good."

### Franks Spoke

Hon. E. T. Franks, of Owensboro, candidate for the Republican nomination for Governor, spoke to a very large number of citizens last Monday afternoon at the court house in defense of his candidacy. He was introduced by Thompson Burnam and for an hour made an excellent talk in support of his race. Mr. Franks is a clean man and has many friends among his party in Madison. He is a good speaker and doubtless made many votes while here.

### Old Timer

"Uncle Josh" Shaw, one of the oldest cattle shoppers in the state, was in Richmond court day. Mr. Shaw has been residing in Woodford county on Glenn's Creek, near the Old Crow, Labrot & Graham, and Stage distilleries for years and has had charge of thousands of cattle that have been slopped there. He is an expert in all branches of the distillery business from the cooperage shop to the slopping pens and is a familiar figure in that section of the bluegrass.

### They Toured

Emil Lohrisch entertained a number of his friends last Sunday with an auto tour of the Bluegrass, taking in Lancaster, Danville, Harrodsburg, Shakerstown, Lexington and Paris. The party left Richmond at nine o'clock and had dinner at Shakerstown, then Ben Daugherty and Mayor Rice, who had never visited this historic spot, were loud in their praises of its picturesque scenery and quaint old buildings. The party witnessed the foot ball game at Paris Sunday afternoon and drove home via Lexington after supper.

### Matt Here

Mat Cohen, the veteran horseman, was in the city Monday shaking hands with his numerous friends. He will have a string of ten horses this year for the show, including Edna Mae, Kentucky's choice, and others. His first show will be in Springfield, Ohio, the middle of June. Mr. Cohen says the great show mare, Edna Mae, was never looking better, and although she will not be called on this year to take the great list of premiums she did last, yet she will be shown in many rings. Mr. Cohen is very anxious for Henry Bosworth and Joe C. Vanmeter to be elected on the Democratic ticket and was incidentally talking the good points of these candidates to his Madison county friends. Mr. Vanmeter is running for State Treasurer and Bosworth wants to be Secretary of State. Both are from Fayette county.

### An American

Blew up the Maine in Havana harbor according to advice just received.

The Federal Government is investigating a report that the Battleship Maine was blown up in Havana harbor by an American who had been condemned to death by the Spanish, but won his freedom by destroying the warship.

The spy who turned the story into the secret service bureau at Washington asserted that George B. Boynton, the "soldier of fortune," who died recently, was the man who actually blew up the Maine.

"The Spaniards," said the informer to Chief Wilkie, "were entirely unprepared for the visit of the Maine. Once in the harbor she had the city and its defenses at her mercy, for all the modern guns in the fortification faced the sea."

"Capt. Gen. Blanco and his staff did not relish having a hostile warship in such an advantageous position in the event of war with the United States, and it was decided to blow her up. A large boiler from the navy yard was taken to the arsenal and filled with powder. It was provided with mechanism by which it could be exploded by electricity."

"The boiler was lashed in a sling under a lighter which was towed across the bow of the Maine at night. When the lighter was directly in front of the battleship the lines were cut and the boiler dropped into the mud. The wire by which the mine was to be exploded was led to the end of the Machine wharf. At the proper moment Boynton was taken to the wharf and turned the switch which blew the Maine to pieces."

**Eczema Cure a Beauty Wash**

Although D. D. D. Prescription has been recognized for years as the one remedy for Eczema, Psoriasis, and all other forms of skin diseases, it is now known that there is no other wash, even those used by the beauty specialists, that can compare with this mild liquid for cleansing the skin of pimples, blackheads, rash, and all similar skin affections.

For this reason alone, a bottle of D. D. D. should be kept on hand in every household. A trial 25c bottle will show you the merits of this great remedy as a complexion wash.

D. D. D. seems to remove the cause, whatever the trouble may be, cleansing the skin, and leaving it as soft, as smooth and clear as that of a healthy child.

Get a 25c bottle today and keep it in the house.—Stockton & Son.

### Hurts the Crop.

The prevailing dry and extremely hot weather has played havoc with the strawberry beds of Madison county. What gave promise of being the banner yield in many years, has been practically destroyed. Moisture in a limited quantity is essential to the good of the strawberry and for this reason there will be a few this year for Richmond and Madison county people. The few that are here are high in price.

Thos. A. Shelton, agent for Hurst Home Insurance Co. Write me or phone 2-8.1yr 181 ring 2, Union City, Ky.

### Vital Statistics.

We wish to again call the attention of the people of Madison county to the new law that went into effect on the first day of January of this year, known as The Vital Statistics Law. This law requires all births and Deaths to be reported to Registrars of your Voting Precincts. In case of death, it requires you to get a written permit before burial takes place; in case of a birth, it requires you to report to your registrar within ten days after birth of child. Deaths are reported by undertakers and births by doctors, but when they are not in charge, it becomes the duty of the family to report. In order that you may know to whom to report, we publish the names of the registrars of Madison county and their respective districts: Joseph Schaffhausen for Richmond, Chennault, White Hall, Red House, Kavanagh and Duncannon; T. A. Shelton for McCreary; James H. Edwards for College Hill; D. Z. Taylor for Waco; Mrs. R. C. Coomer for Bereafield; F. M. Jones for Bear Wallow; Joe W. Maupin for Kingston; J. F. Dean for Berea, Blue Lick and Clay; J. D. Burchill for Burnham; J. W. Fennell for Kirksville; William Jenkins for Crutcher, Newby and Biggersstaff; A. B. Clark for Posey; Dr. J. B. Millon for Valley View.

### Odds and End.

There are three things that I have always loved but have never understood: Painting, Music and Women. Women and Music should never be dated.

One must run to win the race. Work in youth is better in old age. Tail oaks from little acorns grow. He that is full of himself is empty. An idle man is the devil's playfellow. Lucky men are as rare as white cows. A pound of pluck is worth a ton of luck. The Ass is not learned though he be loaded with books. The man who does little and does it well, does a great deal.

### Real Estate.

All persons desiring either to sell or purchase land or other property or to make rentals of same will find it to their interest to place the same with me as I am a member of the National Co-operative Realty Co., of Washington, with agents throughout the United States, Mexico and Cuba. ### Selling Out.

It seems that stock holders in the Burley Tobacco Society are becoming dissatisfied in some section of the belt and are disposing of their stock at fifty cents on the dollar, believing that the pool is a "Dead one" forever. Several cases have been noticed where sales have been made and it is whispered around that the big corporations are behind this. A close watch in Madison has failed to discover any owner of stock disposing of his at any price. The Executive Committee, at a meeting held last week in Lexington issued the following bulletin:

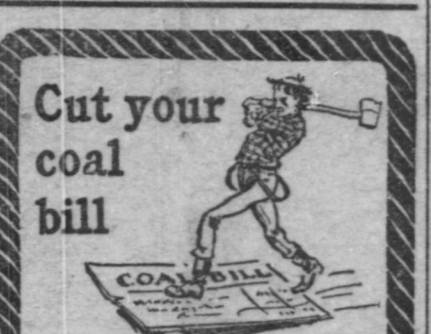

"A view of the fact that we have information from some counties that a few of our members are disposing of their stock in the Burley Tobacco for less than fifty cents on the dollar, we feel it our duty and take pleasure in informing our members, or stockholders in the Company, that it is our best judgment that the stock is worth one hundred cents on the dollar or more."

At the present time, we cannot tell what the earnings of the Company will be, but it looks very bright for laying up a good surplus, or a nice dividend; and we advise each member to sell his stock, and in the event he does that he not take less than par."

### Your Neighbor's Experience.

How you may profit by it Take Foley's Kidney Pills. Mrs. E. G. Whitely, 360 Willow St., Aron, O., says: "For some time I had a very serious case of kidney trouble and I suffered with backaches and dizzy headaches. I had spells of fainting before my eyes and I felt all tired out and miserable. I saw Foley's Kidney Pills advertised and got a bottle and took them according to directions and results showed almost at once. The pain and dizzy headaches left me eye-sight cleared up and to-day I can say I am a well woman, thanks to Foley's Kidney Pills. For sale by Stockton & Son.

### Hit the Bull.

The American Tobacco Co., the giant corporation, recently dissolved by the Supreme Court, will have \$200 to pay to ball players on the Winchester and Richmond team for hitting the big bull sign in deep center on the local field. The rule governing is, that it must be a fair batted fly ball in a regular scheduled game. Coleman, of the Winchester team, was the first to win the honor and he was followed by Haley, Whitaker and Bramble, of the locals. The boys are not worried over the news that the big corporation has dissolved and may not be able to pay these debts when Uncle Sam gets thru with them. "Pap" Whitaker, the popular left fielder, of the local team, seems to be in hard luck. He missed hitting the sign by a few feet only in Wednesday's game. The ball rolled behind it and the umpire should have allowed a home run.

### Foley's Kidney Remedy.

Is particularly recommended for chronic cases of kidney and bladder trouble. It tends to adjust and control the kidney and bladder action and is healing, strengthening and bracing. L. McConnell, 117 Calhoun St., Elmira, N. Y., says, "Pap" Whitaker, the popular left fielder, of the local team, seems to be in hard luck. He missed hitting the sign by a few feet only in Wednesday's game. The ball rolled behind it and the umpire should have allowed a home run.

### Big Deal.

The many friends of Prof. B. C. Hagerman, formerly President of Madison Institute, here will be interested to read the following special in Lexington papers: "Professor B. C. Hagerman, of Campbell-Hagerman College and his son-in-law, Dr. H. A. Watson, of Chicago have bought the Tribune building in Gary, Ind., as an investment and will continue to rent the building, which was least for three years before it was bought by Prof. Hagerman and Dr. Watson. The price paid was \$45,000."

### Prohibits Elect.

After a long silence in state politics the Prohibition party in Kentucky has decided to name a State ticket and at a meeting held in Lexington last Wednesday the following were named: Governor, the Rev. J. D. Read, Paintsville; Lieutenant Governor, Prof. M. T. Moore, Wilmore; Secretary of State, C. A. Singer, Louisville; State Auditor, H. T. D. Wright, Louisville; State Treasurer, W. M. Lowen, Frankfort; Superintendent of Public Instruction, J. M. Williams, Louisville; Commissioner of Agriculture, A. W. Carpenter, Moreland.

I will receive wool at the Madison Tobacco Warehouse. Bring it to me. Elmer Deatherage. t f

### Big Fry.

The annual fish fry of the Winchester Outing Club was held last Wednesday on the Kentucky river below Boonesboro and many from here were present. The invitation was general to all the real lovers of fried fish from the Kentucky river, and it is said that the Madison county delegation, which attended certainly did eat their share. It is an event of great importance to the club and its friends.

## New Way Knocks Rheumatism

D-M-F Proves Startling Success.

Guaranteed Absolutely As To Results. The problem of ridding the system completely of uric acid deposits which cause rheumatism has been solved, as stated by many chronic sufferers who have used the novel remedy called D-M-F, perfected after 20 years of exhaustive research.

Its unique action is one of the few which most attracts the attention of the sufferer using it. Unlike any other treatment of kind known, it produces results or "signals" by which the patient has been able to clearly foretell the complete eradication of the disease.

D-M-F has been remarkably effective in every form of rheumatism, a feature which is extremely unusual. C. W. Benson, M. D., one of the most prominent physicians in Oklahoma, known for his success in treating rheumatism, says: "The cases for this test were selected from the various chronic forms commonly known as incurable, and all forms of the disease have yielded to the D-M-F treatment. Convinced that with D-M-F there are no incurable forms of the disease, I am now ready to state my professional reputation on my ability to cure all forms of rheumatism with this remedy, and you may safely drop every other rheumatism treatment you may now be taking as to results."

Get D-M-F at your druggist at \$1.00 a bottle. Get 6 bottles for \$5.00 and get rid of your affliction. If your druggist cannot supply you, it will be sent on receipt of price by the D-M-F Medicine Co., 119 Lincoln Ave., Chicago, Ill. The first bottle will cost you \$1.00, the rest on order.

## LAXATIVE SENT FREE TO TRY

It may be taken for granted that there is no family that does not sometime need a laxative. If you don't know of a good laxative, or the laxative you are using is losing its effect, we want to call your attention to Dr. Caldwell's Syrup Pepsin, which thousands of families are using successfully.

We have scores of letters from mothers, and scores from prominent men saying they are using it personally and giving it to their families, men like Mr. C. K. Smith of the Traffic Clearing House, Pine Bluff, Ark., and Mr. George B. Turner, a lawyer of Harlan, Ky. The thousands of mothers who use it themselves and give it to their children would take too much space to mention.

The reason they prefer Syrup Pepsin is that it is a mild, gentle laxative.

April, 1911, will go down in history as being one of the poorest months for the retail business in the United States. Richmond's rainfall was the greatest, with four exceptions, in forty-one years, and in many other sections the weather was even more disagreeable. The public had no need for spring and summer goods, consequently retailers sold very little, many of them cancelling orders placed with manufacturers, and manufacturers were forced to sell at a loss. This was true especially in women's apparel and dry goods of various kinds. We took advantage of many of these opportunities to buy cheap from the manufacturers and we are enabled to offer you in this sale a choice up to date stock of merchandise decidedly under price. It will pay you to come. It will pay you to invest. It will pay you to buy. It is an ill wind that blows nobody good. This is your opportunity. Come

## MEET ME AT OLDHAM'S GREAT LOOM END SALE

In preparing for this Rare Price Cutting Loom End Sale no department in the big store has been overlooked, as we want to make big inroads all over the house, especially all broken assortments, odds and ends, remnants and surplus stocks.  court martial in the army as against  
 5,380 the previous year.  
 The largest stalactite cave in Europe  
 recently was discovered in the Dachs-  
 stein mountains of upper Austria.  
 Surely bonds cannot be procured in  
 Ecuador, there being no company in  
 that country doing that class of business.  
 The lord mayor of London said re-  
 cently that in his opinion the old Eng-  
 lish system of apprenticeship should  
 be revived.  
 Experiments with thousands of sub-  
 jects have shown that the average man  
 attains his maximum strength in his  
 thirty-fourth year.  
 The vibration of a steel disk 30,000  
 times or more a second produces the  
 sound in a new electrical horn for au-  
 tomobiles or motorbuses.  
 Scotland exported 1,531 Clydesdale  
 horses in 1910. This is said to be a  
 record never before reached by any  
 breed of British live stock.  
 Expansion due to the heat of the  
 sun gives the top of the Eiffel tower  
 a daily motion of from one to seven  
 inches varying with the seasons.  
 Numerous garage fires have shown  
 that automobile tires, after they have  
 been hardened by contact with mud  
 and rain, practically are fireproof.  
 There are large guano deposits on  
 some islands between China and the  
 Philippines, but apparently nothing  
 can be done to make them profitable.  
 Czerny, the great German cancer ex-  
 pert, says skin cancer has diminished  
 in the country at least in the last fifty  
 years. He thinks soap did the blessed  
 business.  
 It is regarded as a sign of the steady  
 disappearance of the sailing craft that  
 the owners of such ships are en-  
 deavoring to sell them whenever an  
 opportunity presents itself.  
 Paraguay has no use for automobiles.  
 There are hardly any roads. Travel-  
 ers in the country are attempted only  
 on horseback, and the city streets are  
 paved in the roughest way.  
 The international exposition which

 friendly treatment.  
 Unwillingness of American manufac-  
 turers to deal with Russia on the credit  
 system adopted years ago by Ger-  
 mans and French is proving a handi-  
 cap, since cash transactions are con-  
 trary to the general Russian custom.  
 Production of gold in the United  
 States in 1910 fell below that of the  
 record output in 1909. The decrease  
 was due to reduced production in  
 Alaska, Colorado and South Dakota.  
 In other states the output showed an  
 increase.  
 In Hawaii's territorial life of ten

 Indian Runner Ducks.  
 The Indian Runner ducks are very  
 easily and quickly raised, being nearly  
 full size at eight or ten weeks of age.  
 It hatched early and well cared for  
 they will lay in the fall and make  
 good layers until five or six years of  
 age and will lay as well as any chick-  
 en hen, and there is much less labor  
 in caring for them. They are not sub-  
 ject to disease and do not have lice  
 or mites, which is quite an item in  
 poultry raising.  
 Indian Runner ducks are to the duck  
 family what the Leghorns are among  
 the chickens. The large pure white  
 eggs are characteristic of the breed as  
 the white eggs are of the Leghorns.  
 Green eggs are certain proof of im-

 are over-laying layers of white eggs  
 and are great money makers. They  
 are great layers and small eaters,  
 which is a very desirable trait. They  
 can be hatched as late as September  
 and get their growth and be ready to  
 lay before cold weather. When they  
 are properly fed and cared for they  
 will begin to lay at the age of four  
 months and will lay continuously.  
 Their eggs are fine for culinary pur-  
 poses and will sell for 3 to 5 cents  
 more per dozen than hens' eggs.—Farm  
 and Ranch.

 Profit in Draft Mares.  
 We keep six heavy mares to do our  
 farm work—two three-horse teams.  
 All of these mares are bred to the best  
 stallion we can find near home, and  
 we usually get two or three colts a  
 year, writes a New York farmer in  
 the American Agriculturist. All of the  
 mares are bred and used about the  
 same until foaling time, when those  
 that have colts need about ten days'  
 rest. Then they may begin work  
 again, only with a little better feed  
 and care. After the colt is weaned  
 he can be grown almost as cheaply as  
 a calf and if well fed at two years  
 old should weigh from 1,000 to 1,200  
 pounds and can begin to pay his way  
 by working.

 Poultry Notes.  
 There are many pet theories on how  
 to make the hen lay profitably, but  
 here is the secret in a few words:  
 Feed her well, house her comfortably  
 and keep her free from lice.  
 The large producing hen is the re-  
 sult of unceasing care and effort upon  
 the part of her owner.  
 You can't expect profits from the  
 hens unless you feed them right and  
 give good care generally.  
 The hen that is confined in a damp  
 house or must stand on a damp floor  
 will never lay profitably.  
 The chickens need plenty of sharp  
 grit or gravel. It's what keeps their  
 teeth in commission.

**TIMELY HINTS**  
**FOR FARMERS**  
 KEEPING POULTRY  
 LICE IN CHECK  
 Dust Baths Should Be Provided  
 and Houses Sprayed.  
 Lice may be found on the bodies of  
 fowls at all seasons of the year. They  
 multiply very rapidly in warm weather,  
 and it is then that the greatest  
 damage is wrought.  
 There are several insect enemies of  
 poultry—lice, mites and fleas. It is  
 the red mite which is worse than all  
 the others combined. This minute  
 creature increases at a remarkable  
 rate when measures are not taken to  
 keep it in check, and hens will not  
 lay nor chickens grow when their life-  
 blood is being sucked by this pest.  
 To get rid of lice and mites, wash  
 the fowls in a strong solution of soda,  
 especially the soft bodied ones. The  
 fowls should therefore be provided  
 with a dust bath at all times, as this  
 is the method nature has given them  
 of keeping at bay their insect en-  
 emies. Dry and finely pulverized earth  
 of any kind, also coal ashes from  
 which the clinders have been sifted,  
 may be used for the dust bath. Wood  
 ashes should never be used, as the  
 alkali in them is likely to injure the  
 fowls.  
 A thorough drenching of the poultry  
 house with kerosene emulsion to which  
 a little crude carbolic acid has been  
 added will prove very effective against  
 the red mites if done every week.  
 Ordinary melted lard is good in de-  
 stroying lice on the bodies of fowls  
 and chickens, but should not be used too  
 freely.  
 When setting hens it is never ad-  
 visable to apply any grease to their  
 bodies, but they may be dusted with  
 some good insect powder, while the  
 nests may be dusted with powdered  
 lime or sulphur. As soon as a sitting  
 hen comes off the nest should be buried  
 out and fresh nest material sup-  
 plied. At all seasons of the year it is  
 a good plan to burn out all nests every  
 four or five weeks.

 Foot Rot in Sheep.  
 Sheep afflicted with foot rot should  
 be kept separate from the balance of

 Drive them through a foot bath three  
 times a week made of creolin 3 per  
 cent or iron sulphate 4 per cent.

 GOOD NEWS.  
 Many Richmond Readers

 Many a lame, weak and aching back  
 is bad no more, thanks to Doan's Kidney  
 Pills. Thousands upon thousands of  
 people are telling the good news of  
 their experience with the Old Quaker  
 Remedy. Here is an example worth  
 reading:  
 Dawson Barnett, Rowland St., Stan-  
 ford, Ky., says: "Some time ago I had  
 a severe fall and this, together with the  
 jarring to which I am subject in my  
 work, brought on Kidney trouble. For  
 several days I could hardly get about  
 on account of the pains in my back.  
 I also noticed that the passages of the  
 passages of the secretions were irregu-  
 lar, especially at night. I decided to  
 cure this trouble before it became  
 chronic and as I knew Doan's Kidney  
 Pills to be good for such complaints I  
 procured a box. Before I had finished  
 the contents I was cured and I have  
 had no kidney trouble since."

 Numerous garage fires have shown  
 that automobile tires, after they have
